

For corralling 19 diverse Massachusetts stakeholder groups together into the original Massachusetts Restructuring Roundtable, and then shepherding them through the development of a settlement on the principles for restructuring Massachusetts' electric utility industry,

For then sparking the notion that the Roundtable could and should evolve into an open forum for meaningful and spirited discourse and deliberation on current wholesale and retail restructuring issues,

For reliably supporting the Roundtable through its 12 years of continuous operation, and consistently fueling it with inspired topics as it grew from a Massachusetts forum into a New England wide soirée,

And, for making more presentations at the Roundtable than anyone else—by far,

On behalf of the Restructuring Roundtable, including its generous sponsors and host, and its brilliant attendees, it is my honor and pleasure as the Moderator for these Roundtables to bestow upon:

Commissioner David L. O'Connor

The heretofore unknown, but nonetheless forever-coveted,
100th Restructuring Roundtable Gala Award

Dr. Jonathan Raab, Raab Associates, Ltd.
Roundtable Moderator
